

RBAFC Sports Fishing Competition

"Catch and Release Encouraged"

1. Sport competition will run monthly
2. Prizes monthly for members Choice
(members' choice can be largest or best / unusual fish for the month)
3. One month will be the period between RBAFC general meetings -
(RBAFC general meeting held every 3rd Thursday of each month)
4. Fish to be caught in the boundaries of Moreton Bay as indicated.
5. 2 photographs must be submitted the first with fish on the measuring brag mat with size clearly visible and code for month displayed , the second of angler holding fish.
6. Photos of fish must be taken at time / place of capture and be alive.
7. Fish must be measured as indicated in example, weight of fish not required.
8. In the event of a tie, the entry first received will be declared the winner.
9. No entries will be accepted after cut off date for the month.
10. Anglers may enter as many fish as they like in any month period
11. Any photo submitted showing signs of fish mutilation, stretching or fish being tampered with or not caught within rules will be disqualified. (Disputes will be ruled upon by committee and decision will be final)
12. Winners will be announced at each club meeting and displayed on both RBAFC web and facebook sites
13. In the event of a tie first entry received will be deemed the winner..
14. RBAFC will notify winners by email & phone - RBAFC also reserves the right to use photos submitted for promotional purposes and social media sites through out the sports fishing competition.
15. Angler entrant must be a current member of the RBAFC.
16. Fish will be measured from the tip of the nose or mouth to the FORK or middle of the tail. Not the tip as per fisheries. Fish need not be weighed.
17. Fish caught in the Sports Competition must comply with state Fisheries laws as to legal size and protected species - breaches of these regulations will automatically disqualify catch and angler from future club events.
18. Catch and Release is encouraged during the Sports Competition

Guide to Measuring your catch "size does matter"

Fishing boundaries
shown in green
(Dams/impounds
and creeks out
of bounds)
