President's Report

The truck's packed, the bait's frozen and I'm itching to hit the road. It's Fraser time and after having to pull out at the last minute last year I can tell you NOTHING is stopping me this year. No doubt by the time you read this some stories (lies) will have made the rounds and everyone will be planning for next year already.

On a more immediate note, the time for lodging your vote on the ballot regarding the 2018 Challenge has passed. To say that the response was disappointing would be an understatement. Of a membership of some 75 members, only 16 lodged a vote. Of the 16, 11 voted to hold the event and 5 voted not to. All 16 said they would help if the event was held. Five volunteered for Team Leader roles but some of the major roles have not been filled, most importantly Sponsor leader which is a problem because without sponsors we can't fund the event.

At this month's meeting I will be putting it to the members present that the event not be held, so if you have a compelling counter motion this will be your last chance to put it to the membership for a final decision.

On a feel good note, the roof is finally up and is looking good with the sparkies starting soon with the lights. It has been an 18 month saga of delays, re-designs and more delays but finally it's done and no small measure of thanks is due to Mick and Gina for all their efforts and hard work in getting such a great end product for the club, well done guys.

Stay safe and I'll see you all ? at the meeting.

Regards,
Danny.
