Presidents Report Adrian Pilkington

Dear Members

Welcome to our 2023 fishing year, I would firstly like to congratulate all the members on a great 2022 trophy night, fun was had by all with live music, great food and plenty of conversation, and to all our trophy winners well done. A big thanks goes out to all the people who worked to make the night a success.

2022 proved to be a ordinary weather year so hopefully better weather to come this year, we have completed our calendar for the year it is up on our website now and an email was sent to all members with a link for the calendar. To all our 2022 committee members thank you for your efforts for the club well done.

After discussions with the offshore fishing group last year we have combined the inshore and offshore competition weekends for most trips to allow more opportunity for offshore trips, as historically numerous trips are cancelled due to weather. Where an offshore trip is cancelled those members registered to fish offshore will then we entitled to fish the inshore competition for that weekend.

The inshore competition we have 15 trips planned, with your best 10 trip scores being used to determine the inshore winner and runner up for each of the 3 categories, the trips will run from Fridays 5pm until weigh in Sunday 12pm by providing a bigger fishing window we hope to give more opportunity for additional members to participate than previously.

I feel this will give members a opportunity to fish and compete in both the inshore and offshore competitions through the year and provide a good opportunity for those who wish to focus one competition category to improve their chances of reward.

Welcome back to our sports fishing competition a great opportunity for members to be rewarded for their fishing efforts if time does not allow them to fish our other competitions regularly. A big thanks goes out to Matt and Megan Savas for the organising of sponsors prizes, rules and running of the comp. Please support our sponsors where you can.

As a club we are looking forward to a year full of fishing fun so come on down to our sign on day and bring a fishing friend.

Redland Bay Amateur Fishing Club

SPORTS FISHING Competition 2023

Redland Bay Amateur Fishing Club
SPORTS FISHING Competition

HOW TO GET INVOLVED

- Become a member of the RBAFC (sign on day is 5th February 2023 or complete online form). Great affordable prices for families and individuals.
- Receive you monthly code and target species - released at the monthly general meeting, then via email and social media.
- Go fishing, catch, measure on any brag mat and take a photo (be sure to include the monthly code in photo).
- Email photo to sportsfishing@rbafc.org.au or upload through the RBAFC members app.

Come Join With Us

Location : 247-257 Esplanade, Redland Bay 0422 736 778 admin@rbaafc.org

Family or Individual membership \$50 Pensioner discounts apply Renewing member \$80

Club sign on day is scheduled for early February and is shaping up to be a great social event. Numerous activities are planned for the day to encourage past, present and future potential members to explore what the club has to offer and sign on for the year.

As with last year, discounts will be offered to new members and pensioners, and immediate family members can be included in single membership prices. There will be a number of activities including casting competitions, face painting, BBQ, fish cooking demos, jumping castles, lucky door prizes and more. We hope to see you there!

What's cooking at the cooking demo?

Flathead Tacos

Crispy Skinned Grilled Snapper

Keeping Australians safe for more than 30+ years

SURVIVAL has a great range of **innovative, user-friendly first aid products** specifically designed for those who love fishing, boating, surfing and more.

From our comprehensive **Boaties Bundle** to the ever-popular **Ocean Warrior First Aid KIT**, SURVIVAL has a first aid solution to suit every water-based activity.

And with our **Waterproof Dry Bag**, you can transport your KIT safely, securely and without worry about exposure to the elements.

So don't get 'caught out' on your next fishing adventure - visit **survival.net.au** to browse our full range of 'reel-y' great first aid solutions.
